Four-I Tournament

On March 14 and 15 Case Institute of Technology played host to the 15th annual Four-I tournament. This meet is designed to give the top wrestlers from the smaller colleges in the Mid-west a chance to get accustomed to top tournament wrestling before the NCAA tournament.

Director Claude B. Sharer said, "This was the smallest tournament we had in a good while, but it was without a doubt the best tournament in the history of the Four-I." This was evidenced by the finals. In this year's 10 championship matches, 4 of the titles had to be decided by the referee and the judges.

There were 96 grapplers from 23 colleges and universities competing in 108 matches. Although the tournament is on an individual basis as the name Four-I (International, Invitational, Intercollegiate, Individual) indicates, team points are compiled. Waynesburg College amassed 38 points to walk off with the unofficial team championship.
