The Mynderse Grapplers, enjoying one of their best seasons in years, romped over the rest of the league and ran away with the championship for the first time since entering league competition.

After losing to Corning in a tough non-league opener, the wrestlers went on to accumulate a 8-0-1 league record, tying only one with Geneva in a thrilling championship match. It was in this match that Rocco Del Papa went against tremendous odds to give us a tie in the match. Although the team will be hurt by the loss of four seniors, a strong comeback is expected next year.
