

WINTER SPORTS

High-scorer Peter Decker was still the tallest player on the basketball team. However, the average height of the team shot up quite a bit this year.

The wrestling team practically carried on a campaign to round up spectators; apparently they were successful, for more students and parents turned out for the exciting meets.

The swimmers missed as successful a season as last year, but were still in there splashing. One great hinderance was the fact that the squad had to meet the large Rochester schools more than once.

The bowlers, coached by Mr. Chetney, increased their number this year with an invasion of Freshmen. This great potential promises a more victorious season in the future.

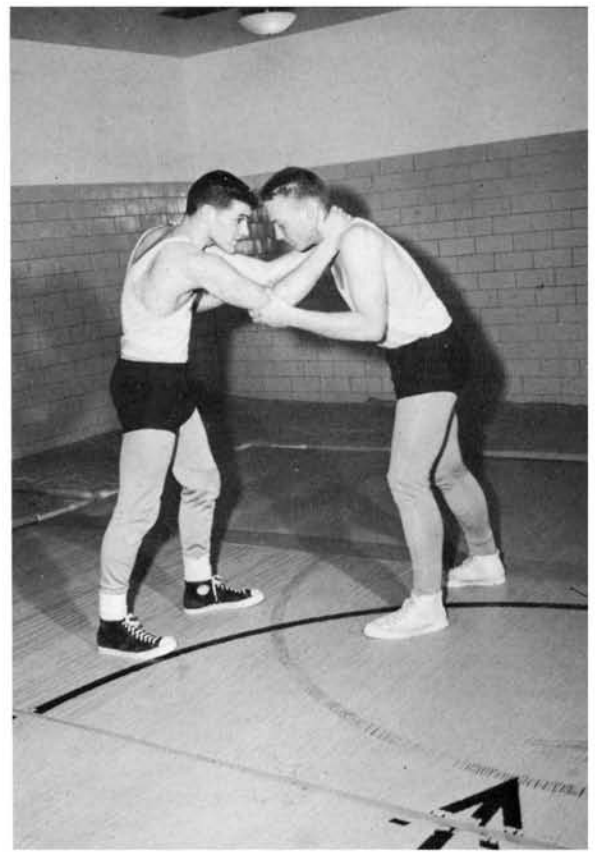

"Do we have to???"
